Until the day we are able to meet here again, remember: You will always belong here.

KITCHEN 8

MISSION STATEMENT

Kitchen 8 is an alumnae organization comprised of residents, past and present, of these halls, our scholarship recipients, and other supporters of Mrs. Watkins's tradition. As the official keepers of her legacy, we endeavor to provide a community of support for previous, current, and future residents through mentorship, charitable contributions through the Elizabeth Miller Watkins Memorial Scholarship Fund with the Greater Kansas City Community Foundation, staying informed of the condition of Watkins and Miller Scholarship Halls and striving to follow her example of compassion and selflessness.

JOIN US

Give back, with gratitude for Mrs. Watkins's gift to you. We are an all-volunteer group and there are no fees to join or belong. Whether you live near or far from KU, there are ways you can help with our work of supporting the residents of Watkins and Miller Halls and providing scholarships to financially needy young women at KU.

PRESIDENT'S PANTRY

A warm hello to all of you! To say that this past year threw me for a loop would be a great understatement! Just like you, I've struggled with the side effects of living in a pandemic: stress, anxiety, boredom, isolation, exhaustion, and grief. My usual comforts and routines, like our annual gatherings, were not available to take my mind off things. Sometimes a virtual meeting just doesn't cut it.

Through it all, K8 learned to adapt where we could to continue carrying out our mission of supporting the women of KU. Scholarships were still awarded, and we did our best to connect with this year's residents in Watkins and Miller Halls. Our virtual New Women event featured our redesigned New Woman Booklet (see more information later in this newsletter), and individually wrapped cookies (a necessary requirement to follow KU's new pandemic safety protocols). Our celebration in honor of Elizabeth Miller Watkins's January 21st birthday (160 this year!) first had to be delayed because the start of the residents' Spring semester was delayed until February. Like our New Women event in the Fall, we delivered wrapped cookies to the halls, this time frosted sugar cookies decorated in our usual lilac color scheme. They seemed to be a big hit with the residents! Each Hall received gifts in honor of EMW from their "wish list." Miller requested a new vacuum cleaner and more forks (I remember the constant shortage!). Watkins requested a Roku player and new pots and pans. Everyone seemed well pleased with the new items. We hope they will make life around the Halls just a little bit nicer.

I am also proud of our efforts to support the residents as they moved back in for Fall semester. With your thoughtful contributions we were able to provide a care package for each resident as a "Welcome Back to the Hall" gift. Please see the article later in this newsletter for more details!

I must take a moment to thank our Campus Coordinators for all their help this year with our events. Numerous times they delivered goodies to the halls and joined in on Zoom calls. Another big thanks to Norma Hoagland, who has been my right-hand lady this past year helping me keep everything straight.

Above all, I am in awe of our residents and scholarship recipients. They show great determination and dedication to their education, not letting the pandemic get in the way of their future. The restrictions make their situation extra stressful, but they are rising above it all and succeeding! They are there for each other, and we hope to be there for them as well!

I hope from the bottom of my heart to be together with you all in person next year. Looking forward to our April 24th virtual meeting, but until then, Rock Chalk Jayhawk, and Lilac Lane Love to all!

Paula Wrigley
Kitchen 8 President

2021 K8 PROGRAM: Votes for Women!

In our continuing effort to keep alumnae, residents, and scholarship recipients safe, for the first time ever, Kitchen 8 will hold an entirely virtual Annual Meeting and Awards Recognition!

We invite you to join us on April 24th at 10 AM for the 2021 Annual Meeting Program, titled "Votes for Women!" celebrating 101 years since the passage of the 19th Amendment, guaranteeing women the right to vote. Link will be available on our website (www.kitchen8.org) the day prior to the meeting.

Dr. Sarah Bell of the Watkins History Museum will join us to give her presentation on the history of the Suffrage Movement. Originally scheduled to present at the 2020 Annual Meeting, we are delighted that she was able to reschedule and join us this year for our virtual meeting!

WATKINS REPORT

Three perspectives on what Hall life is like in a pandemic:

Entering into the 11th month of the pandemic there is much to reflect on and be grateful for. Reflecting on relationships that were strengthened due to the difficulty have been a particularly sweet gift. Personally, my roommate and I quickly became close in the fall of 2020 due to the pure quantity of hours spent Zooming, studying, and simply talking together. I know this has been a similar situation for many in the hall to take time to enjoy those most near. This also means there is more joy in meeting a new resident for the first time as random encounters are harder to come by. It has made the beginning of fall and spring semester into special treats.

Watkins has also had its fun with Zooming, starting the Spring of 2020, and we continue to find ways to make it enjoyable with icebreakers and games. It is wonderful to remember not just what 2020 took away, but also gave. Reaching people across the world wasn't impossible before, but the need to go remote made it easy for me to join a women's group based in, wait for it, Mexico City! It has made the world small enough to fit inside our humble house on Lilac Lane.

The year 2020 has also been tough. Zoom fatigue, isolation, and endless cancellations are draining. Watkins folks have been tough to brave the circumstances and consistently reach out when they need help emotionally, mentally, or academically. Although we are all excited for scholarship hall olympics, the winter formal, and cereal night to begin again, there is much to love in the here and now.

- Liz Arends, Sophomore, Alumni Co-Chair

It's no surprise that these last couple of semesters have been tough on everyone in the scholarship hall community. It was a year of hardship and disappointments. However, the shining gem for my year (2020) was Watkins. Watching all of our residents come together with support and love has made me so proud to be a part of this community as Historian.

Many changes have occurred these last few semesters. One of the most shocking for us was the movement of the beds back into our rooms. While it was odd to get used to, it almost feels normal now. The sleeping porches (now renamed the "study porches") are filled with desks rather than bunks. Some of us miss the curtains that kept the sleeping areas completely dark while others are happy to sleep in their own rooms.

One thing that hasn't changed is the Watkins spirit. Our residents have done an amazing job throughout all of the transition and uncertainty. While following social distancing rules, our residents can still be found laughing in the living room and studying together. Even the smell of dinner fills the hall in the evening. These little things are what keep us going. Moving forward into the 2021 spring semester, we hope that this year will be filled with warmth and community.

- Lily Warner, Junior, Watkins Historian

What a way to end out my senior year at Watkins Hall! For starters, having to leave my home so early in March was a struggle for everyone, but we managed to stay connected. With perseverance from both my residents and other Schol Hallers, we were able to create safety rules and policies with Housing to continue to live in our homes away from home. Despite these measures and odds, getting to meet the new residents and having them be involved has continued strong.

A lot of our normal events have had to change this year. Our Heaven and Hell party was instead an In-hall movie night and dance floor. Despite no food being allowed to be eaten in common spaces, we still had fun dancing and sharing ghost stories. Spontaneous movie nights also helped keep morale in the hall high, as well as craft nights where we show each other the things we're making!

We've tried virtual events too including a mystery game via Zoom with our siblings at Battenfeld, pretending to be cowboys solving a murder. We adapted our normal events like Winter Well Wishings to let people zoom into our physical events, and use technology to make just as funny skits as previous years. This spring, we're still doing a blend of virtual and physical events and spontaneous trips. Hearty party was just done in celebration for Valentine's Day, and we are in the works of a Cabaret, since Coffee House talent show night at GP will not occur. I saw this year that we really focused on making events for Watkins people and creating a deeper trust between residents.

The one thing for me, both as president and as a college student, that has kept me so connected to my Watkins people was Dungeons and Dragons! I got so many residents involved and wanting to learn about the game, and got people to create bonds with each other. For some, including myself, it has been the one thing I looked forward to every few weeks.

I've seen so many of my residents persevere and really keep themselves active on campus, off campus, and in the hall to try and create some form of normalcy in their lives. I'm glad that I could live my last year in this beautiful and welcoming home away from home as I move towards greater things in life.

-Hanah Glimpse, Senior, Watkins President 2019-2021

MILLER REPORT

Three perspectives on what Hall life is like in a pandemic:

Hello, my name is Kathy Martinez Reynaga and I am the Alumni Chair for Miller Hall this year. This year has been full of firsts for Miller Hall and our Lilac Lane Sweethearts are still thriving into the Spring semester.

I have lived in Miller Hall for 5 semesters so far and I have loved every minute of it. Although these unprecedented times can be difficult, having a loving and supportive community here at Miller has been essential to keeping smiles all around.

I hope you all enjoy a look at how Miller is operating this year and hearing from some of our Executive Board and how they have been!

Miller Life has adapted, so all of our residents can live safely, while still maintaining the Miller community together. One of the biggest changes Miller has seen is having our beds in our study rooms. We must wear masks in the Hall if we are outside our personal rooms. The Sleeping Porch has been changed into a Study Porch to accommodate all the desks which can no longer fit in personal rooms.

For the Kitchen situation, we have switched to having only independent kitchens as shared food is not allowed for safety reasons. Kitchen assignments are also divided by room numbers with an average of 2-3 rooms per kitchen. At the very end of the Fall semester, KU Housing permitted eating within the kitchens. Only one resident can eat at a time, and is the only person allowed in the kitchen, until they are done and have disinfected their eating area.

This has been an evolving situation, but as always Millerites persevere as a community!

-Kathy Martinez Reynaga, Alumni Chair

Hi! My name is Alyssa Salas and I'm a junior studying Human Biology with a concentration in Anthropology, as well as a minor in History. I am currently the Sports Chair, as well as the Health and Wellness Chair, and the O-Team chair. I usually handle all the sports updates, both on our Jayhawk Athletics, as well as any other team the house is interested in! I also make sure each resident knows about the health services and pandemic guidelines for the KU community, so we are all keeping each other safe!

I've had a wonderful five semesters here in Miller! This is a place we can truly call our home away from home. There is always someone willing to talk to you or go with you to games (pre-COVID, of course), as well as just be there as a friend. That is truly an unmatched and unique experience that Miller brings to my college experience!

-Alyssa Salas, Sports, Health and Wellness, & O-Team Chair

My name is Hannah Jones and I am the Community Service Chair in Miller. I am a sophomore majoring in Social Work and minor in Global and International Studies. This is my fourth semester living in Miller and it has been a great experience. I have loved making friends with people from all backgrounds and having a community that really feels like home. As Community Service Chair this year I have been able to promote service events around campus and plan community service for Miller residents. Fall semester we wrote letters to the elderly in a local nursing home to bring some joy during the pandemic.

A "NEW" NEW WOMAN BOOKLET

A big Kitchen 8 THANK YOU needs to go to Kaitlin Neill, a Watkins resident from 2013-17. Our New Woman Booklet has been through many changes since its inception in about 2000. It was time to update and make the booklet timeless, so it wouldn't have to be reprinted every year. Kaitlin took on this challenge around her duties as a teacher in Topeka, Kansas. The end product was beautiful. Elena Wahbeh, Watkins resident 1971-73, volunteered to use her professional discount for the printing, so she also deserves a thank you! This is one of our most important outreach tools, as this booklet makes Elizabeth's life and legacy accessible, inspirational, and so much more real to our residents. Thank you to Kaitlin and Elena!

In addition to historical pictures of the halls, Elizabeth, and Jabez Watkins, the booklet includes a brief biography of EMW, an introduction to Kitchen 8, information about our scholarship, "The Vision of Mrs. Watkins," a copy of her personal creed, and sheet music to "My Sweetheart of Lilac Lane."

DELIVERIES FROM THE HEART

To welcome the residents of Watkins and Miller back to their home-away-from-home on campus, K8 organized care packages to be delivered the first week of classes. But, like everything else in 2020, these care packages were different from the kinds you might normally think of.

To help the residents stay safe in their community-living setting, each student received a few disposable masks and a bottle of hand sanitizer. Each room got a box of tissues, and each hall got a brand-new forehead scanner thermometer as well as a pulse oximeter to monitor blood oxygen levels in case someone should get sick. I was also able to get 2 tubs of disinfecting wipes for each hall. They were still in short supply at the time, so I was happy to find them!

Above: Supplies ready to package. **Left:** One hall's goodie bags ready to go. **Below:** Welcome tags

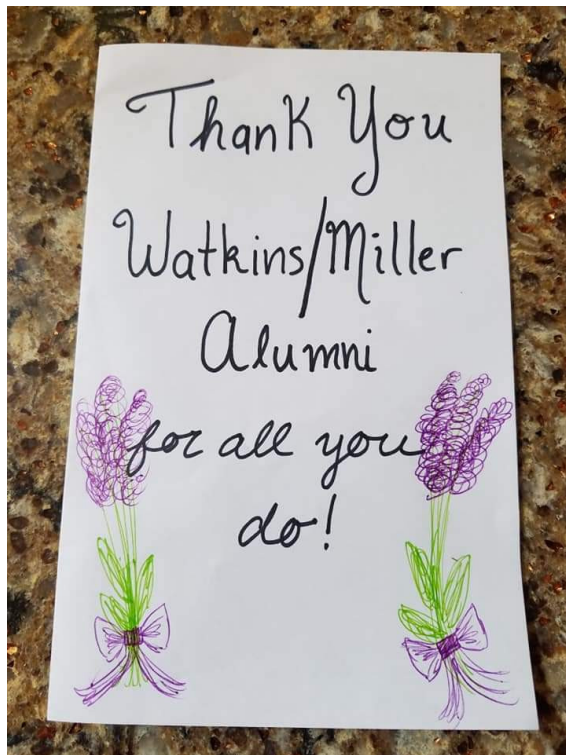

Care packages, continued

In addition to the health and safety items, there were the usual snacks, both savory and sweet, and a few fun items like some Play-Doh and colored gel pens.

Once the bags were prepared, the Campus Coordinators made the deliveries to the halls. Not long afterward, notes of thanks came in from the halls.

Above: Watkins residents receiving their bags. **Left:** Thank you note from Watkins residents.

None of this would have been possible without the generous support we received from our members. Within just a few days of putting out our request for donations, we had enough contributions to get the project off the ground. Thank you to all that contributed, and thank you to Ali Zayas for helping with the shopping!

FORECAST SAYS: CARD SHOWERS FOR THE BIRTHDAY GIRL!

So many of our alumnae know Roselyn Skonberg George! Roselyn lived in Watkins 1945-48. She has been an active and lovingly contributing member of Kitchen 8 for many years! Whether it was contributing articles for our Newsletter, attending Annual Meetings or reading Scholarship Applications, we could always count on Roselyn! For the past two years, she's been unable to attend our April meetings, but stays busy with audio books and knitting. She's gotten her COVID-19 vaccinations, so hopes to be allowed to have guests soon.

Roselyn had her 94th birthday on January 20, 2021. Her daughter, Susan George Phillips, asked Kitchen 8 members to send her cards for her special day. Hilary Wanke posted a note on our website and through email.

With the pandemic, daughter Susan has not been able to visit her mother, but they FaceTime every night. Susan hoped getting cards would brighten up Roselyn's birthday, since her family could not be with her.

Well, good for us! Kitchen 8 members helped make Roselyn's Birthday turn into a week-long celebration! Susan reports Roselyn estimates she got at least 100 cards. Every evening, as they would FaceTime, Roselyn would read each card to Susan and tell her which Hall the sender lived in and what years, and where they live now. All of the love Roselyn showered on us all these years was returned! Happy Birthday, Roselyn!!

SISTERS

WE HAVE LOST

We would like to extend K8's heartfelt sympathy to all of these families who have lost a loved one. Sadly, we don't always know when a sister passes away, but we always care.

DONNA LEE JONES BRANDT

Donna lived in Watkins 1950-52. She married her sweetheart, David, between semesters of their sophomore year on January 20, 1952. They both graduated from KU in 1954. Donna accompanied her husband through 30 years in the USAF, 14 years of missionary service with Campus Crusade for Christ and Gideon ministry. They had 65 wonderful years together, even after her paralysis from a brain aneurysm in May of 1998. They lived in Austin, Texas.

She is survived by her husband David and three children: David III, Deanna and Duane.

MARILYN COFFELT

Marilyn was from Samantha, Kansas and lived in the Halls, beginning in 1954. She later received her Masters from Fort Hays. A child psychologist in the Lakewood, CO schools, she later moved to Alamosa, CO, an area she dearly loved. She married Alan Applegate in 1996 and they moved to Roswell, NM. She worked there for the New Mexico Children, Youth and Families Department. Once retired, she enjoyed her hobby of gardening, "both eatables and flowers." Her husband, Alan, lovingly provided this information about her, as she wanted no obituary. As requested, Marilyn's son Clayton spread her ashes over the sand dunes near Alamosa, the area she loved. Alan also said "I do miss her smile."

TREASURER'S REPORT

Hello to all my Lilac Lane Sisters!

As with every other segment of life this year, Kitchen 8 has had pandemic challenges, too! Thank you to all of you who helped us continue our goals of reaching out to our current residents of Watkins and Miller Halls and awarding our Elizabeth Miller Watkins Memorial Scholarships! I love getting your notes along with donations, sharing your experiences while living in the halls. I even got a good recipe along with a donation this year, from Phyllis Bock, who lived in Miller 1971-72! (available upon request!)

Our President, Paula Wrigley, met the challenge of how to interface with our current residents while observing their pandemic rules. Thank you to all our members who helped us provide COVID-19 Care Kits, supply New Woman Booklets and Treats, and pay for the All-Hall Photos. We give a large photo reprint to each Hall for Elizabeth's Birthday. Another source of donations sadly came with the death of Supreme Court Justice Ruth Bader Ginsberg. Several of our members made donations in her honor. Thank you to everyone who cared and shared.

With donations of \$3,392.52 this year, we felt it was prudent to forego printing and mailing a magazine this year. Your K8 Board decided to send out a postcard alerting our members to our 2021 Annual Meeting and Scholarship Awards (by Zoom this year) and asking alumnae to register on our website.

A short review of K8 income and expenses is provided with this report. All K8 records are on QuickBooks.

The Elizabeth Miller Watkins Memorial Scholarship Fund began 2020 with \$1,521,996.74. After giving grants of \$68,000 during 2020, the End of Year balance was \$1,665,934.72. Contributions given to the EMWMS fund during 2020 totaled \$2,720.00.

Please remember Kitchen 8 and our mission to keep Elizabeth's legacy alive during 2021. Both the K8 fund and the EMWMS Fund are tax-deductible. You may give by credit card on our website, via PayPal, or by sending a check to: Norma Hoagland, K8 Treasurer, P.O. Box 1543, Lawrence, KS 66044.

It takes money to hold events and supply outreach to the current residents of Watkins and Miller Halls. Give, as you are able, with gratitude for Elizabeth's foresight and monetary gift to you by way of Watkins and Miller Halls!

Respectfully submitted,
Norma Decker Hoagland, Watkins 1969-71
